

IF YOU FEED THEM

FIX THEM

If you feed outdoor cats, getting them spayed or neutered is part of caring for them. ♡

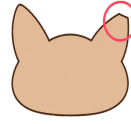

- Prevents unwanted litters
- Reduces roaming, fighting & spraying
- Helps stabilize cat populations
- Required under Houston feeding guidelines

Community Cat & TNR Resources

WHAT IS TNR?

TNR stands for Trap-Neuter-Return. Community cats are humanely trapped, spayed or neutered, vaccinated, ear-tipped, and returned to where they live.

An ear tip is the universal sign that a community cat has been spayed or neutered

A community cat is an unowned, free-roaming cat that lives outdoors and may be friendly or feral.
